Knob material

Polyamide-based (PA) technopolymer. Resistant to organic and inorganic chemical substances such as oils, greases, fuels and solvents.

Metallic body material

Burnished steel. Special executions or in stainless steel on request for suitable quantities.

Tip material

Hardened, ground and burnished steel. Special executions or in stainless steel on request for suitable quantities.

Knob colour

Black with satin finish.

Use

In rest position it locks the rotation or the sliding. By pulling up the knob, the loosening is obtained.

Remarks

We suggest to make the drilling for the tip with tolerance H7.

Package

10 - 50 - 100 pcs.
