### Knob material

Polyamide-based (PA) technopolymer. Resistant to organic and inorganic chemical substances such as oils, greases, fuels and solvents.

### Metallic body material

Burnished steel. Special executions or in stainless steel on request for suitable quantities.

### Tip material

Hardened, ground and burnished steel. Special executions or in stainless steel on request for suitable quantities.

### Knob colour

Black with satin finish.

### Use

In rest position it locks the rotation or the sliding. By pulling up the knob, the loosening is obtained.

### Remarks

We suggest to make the drilling for the tip with tolerance H7.

### Package

10 - 50 - 100 pcs.
